Patent No. 7,097,137 B2

Patented: August 29, 2006

On petition requesting issuance of a certificate for correction of inventorship pursuant to 35 U.S.C. 256, it has been found that the above identified patent, through error and without any deceptive intent, improperly sets forth the inventorship.

Accordingly, it is hereby certified that the correct inventorship of this patent is: William R. McDonnell, St. Louis, MO (US); and Charles H. Baker, Union, MO (US).

Signed and Sealed this Twenty-seventh Day of July 2010.
